

CHRISTMAS *in the*

BRYN ATHYN HISTORIC DISTRICT

Located in Montgomery County just minutes from Bucks County and Philadelphia, the Bryn Athyn Historic District includes three National Historic Landmarks recognized for their remarkable architecture and craftsmanship: Cairnwood Estate, Glencairn Museum, and Bryn Athyn Cathedral. Bryn Athyn was founded as a religious community in the late 19th century by members of a Christian denomination known as the New Church, inspired by the teachings of Emanuel Swedenborg. This historic district is a special destination at Christmastime.

Cairnwood Estate is a Gilded Age country house designed in the Beaux-Arts style by the renowned firm Carrère & Hastings for industrialist John Pitcairn and his wife Gertrude in 1895. Guided Christmas Tours include three floors decorated for the season by professional florists. Each year a dazzling two-story Christmas tree stands where one once stood at the turn of the century. The Christmas exhibition includes elegant vintage fashions circa 1870s to 1950s worn by the ladies of the house. A festive Holiday Tea is served in the Dining, Music, and Billiard rooms on select days.

Glencairn Museum, once the home of the Raymond and Mildred Pitcairn family (1939-1979), is now a museum of religious art and history. Christmas at Glencairn includes the *World Nativities* exhibition, featuring dozens of hand-crafted nativity scenes from around the world. The 1st floor is decorated with festive wreaths, poinsettias, and a vintage Lionel train circling below a tree decorated with antique ornaments. The popular "Christmas in the Castle" guided tour includes Christmas decorations and traditions of the Pitcairn family, and works of art from the Middle Ages through the 21st century celebrating the Nativity of Jesus Christ.

Bryn Athyn Cathedral is highly acclaimed for its outstanding architecture and spectacular stained glass windows. The Cathedral has been an active house of worship since its dedication in 1919, and Christmas is a special time of celebration. A custom-made Nativity scene, commissioned for the Cathedral in the 1920s, is traditionally on display in the Social Hall. Guided tours highlight symbolism throughout the building drawn from the Bible and New Church teachings.
